Effective Date: April 2025

Privacy Policy

Who We Are

Murloc Coin (“we,” “us,” or “our”) is a meme-driven entertainment project born from the chaotic spirit of the Murlocs, now unleashed on the blockchain. While we shout “Rwlrwlwlr!” across Solana, we also respect your privacy.

What We Collect

We don’t care what your favorite fish is, but when you interact with our platform, we may collect:

- **Basic info:** Username, contact details (if you submit them)
- **Analytics:** Device type, browser info, and what pages you swim through
- **Cookies:** For a better browsing experience (not the edible kind, sadly)

We **do not** collect sensitive personal info like your ID, passport, or grandma’s cookie recipe.

Why We Collect It

- To make the Murloc invasion smoother
- To debug, improve, and optimize the experience
- To make sure the meme magic stays strong

How We Share It

We don’t sell your data. Period. We only share necessary info with trusted partners who help with hosting, analytics, or keeping our servers from melting down.

Your Rights

Depending on your jurisdiction, you may have rights like:

- Requesting a copy of your data
- Asking us to delete your data
- Saying “no thanks” to marketing

To exercise these rights, scream “Rwlrwlwlwl!” (or just email us at: privacy@murloccoin.com).

Legal Disclaimer – For Entertainment Purposes Only

PLEASE READ THIS SECTION CAREFULLY. MURLOC COIN IS A MEME PROJECT. IT IS NOT A FINANCIAL PRODUCT, AND NOTHING PRESENTED ON OUR WEBSITE, SOCIAL MEDIA, OR ANY OTHER MATERIALS SHOULD BE CONSIDERED LEGAL, FINANCIAL, OR INVESTMENT ADVICE.

The Fun-First Philosophy

Murloc Coin (\$MRLC) is a community-driven digital collectible and entertainment token. It was born from the depths of meme culture and the minds of degens with a love for chaos. If you're looking for utility, profit guarantees, or tax-saving strategies—you're in the wrong swamp.

No Promises, No Roadmap to Riches

- \$MRLC has no intrinsic value.
- It is **not an investment**, a share, or a security.
- We do not guarantee any price, utility, or liquidity.
- Buying \$MRLC is like buying a Murloc plushie and hoping it screams back at you.

No Financial Advice

None of the content published on our website, social media, or community chats is financial advice. Always DYOR (do your own research). If in doubt, speak to a licensed financial advisor (preferably one fluent in “Rwlrwlwlwl”).

For Degens, Not Institutions

By participating in Murloc Coin or engaging with our ecosystem, you warrant that:

- You understand and accept the risks.
- You comply with local laws and regulations.
- You're not from a restricted jurisdiction or acting on behalf of one.

Forward-Looking Chaos

Statements about future plans, listings, or collaborations are purely **aspirational**. The only thing guaranteed is memes. Even Gluk'Krogg can't predict the market.

No Regulatory Blessings

No regulatory body has reviewed, approved, or blessed this project. It is as unofficial as it gets—pure Murloc madness.

Summary

Murloc Coin is a **satirical, entertainment-focused** project that pays homage to gaming and crypto meme culture. It is **not** meant to be taken seriously as a financial instrument. If you're in it, be in it for the laughs, the memes, and the chaos.
